## Urge lawmakers to **STOP** tax reform measures that hurt affordable housing development.

[Sen. / Rep. / Gov. <name>], my name is [your name] and I live in [city/state]. I am calling to ask that you stop tax reform measures that hurt the development of affordable homes. I urge you to:

- Preserve tax exempt **private activity bonds**, which have been essential to the creation of more than 15,000 affordable homes in Minnesota over the past decade.
- Preserve the **Historic Tax Credit**, which has leveraged \$117 billion in private investment over the past 25 years.
- Safeguard the effectiveness of the 9% **Low Income Housing Tax Credit** in the face of corporate tax rate reduction.
- Invest savings from changes to the **mortgage interest deduction** into affordable housing rather than corporations and billionaires.

The House bill passed last week would eliminate **nearly 1 million affordable rental homes** nationwide over the next 10 years. Please act now to ensure tax reform invests in affordable housing and strong communities. Thank you.
